

Barlborough NHS Treatment Centre

# Choosing the service that's right for you

At Barlborough NHS Treatment Centre, we pride ourselves in providing fast, convenient access to high-quality NHS orthopaedic care for adults across Derbyshire, Nottinghamshire, Lincolnshire and South Yorkshire.

We have modern facilities which include three operating theatres, 36 ward beds, an outpatient and X-ray department, a pharmacy and a physiotherapy gym.

**As a patient of the centre you will benefit from:**

**Short waiting times**

In most cases, we will see you within two weeks for your first appointment, meaning shorter waiting times. If you need further treatment or surgery we can offer dates and times to suit you, usually within four weeks

**Convenient one-stop service**

We'll do our best to fit in everything in one visit, from seeing the doctor, to having diagnostics tests and pre-assessment for surgery if required; reducing the time you have to spend waiting

**High levels of patient satisfaction**

We actively encourage all of our patients to leave feedback when they visit the centre. Our patient satisfaction levels are over 98%, demonstrating the high quality care we provide

**Infection prevention control**

We have robust measures in place to ensure everyone is given the best chance of protection against the likes of C.Difficile and MRSA

**Innovative treatments**

Our highly skilled orthopaedic surgeons are able to offer innovative treatments such as minimally invasive hip replacements

**Free parking**

We have ample free parking

## Our services

We are a specialist NHS treatment centre that deals with in-patient and day case orthopaedic treatments.

### Our services cover:

- Hip and knee replacements and revisions
- Shoulder surgery e.g. arthroscopies, frozen shoulder, tennis elbow
- Hand procedures e.g. carpal tunnel, ganglions, trigger finger
- Knee arthroscopies and ACL reconstructions
- Therapeutic injections for pain relief
- Foot procedures e.g. bunions, ingrown toenail, stiff big toe
- Lower back procedures e.g. decompressions, discectomies, laminectomies

**For patients in Lincolnshire, we also provide outpatient clinics at Lincoln County Hospital.**

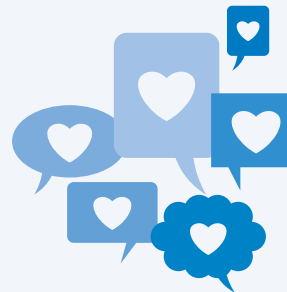

### What our patients tell us:

---

“Having never been to hospital before I was quite nervous about my hip replacement, but I need not have worried because everyone is so caring and professional that all my fears were allayed. I am now 3 weeks down the line and feeling fantastic it is wonderful to be pain free!”

Barlborough NHS Treatment Centre patient, August 2015
